Edition of the publication of Sports Statistics for 2007 has been prepared by the Statistical Office of Kosovo (SOK), namely the Department of Social Statistics, and is the first edition published after the war of 1999.

This publication will help us to meet and evaluate physical and sports education in the Republic of Kosovo.

This edition contains statistical data for 2007 related to sports activities and data on the number of athletes and the number of employees in the Aeronautic, Athletics, Driving, Basketball, Climbing, Bodybuilding, Boxing, Cycling, Football (Soccer), Handball, Karate, Kickboxing, and other statistical data about the sports.

SOK thanks the Department of Sports of the Ministry of Youth, Culture and Sports for cooperation and support in the realization of this publication.

Collection of data is done through a questionnaire. Data are taken directly from the sports clubs in the sports sectors of the Municipal Assembly.

In order to increase the quality of publication in the future, we expect comments, remarks or proposals. They can be sent to us at the email address: social@ks-gov.net

This publication has been prepared by:

Statistical Office of Kosovo, a brief description

The Statistical Office of Kosovo (SOK) is a professional office operating since 1948. The SOK passed through some of the historic phases and it has been structured by the state rule of that time. SOK restarted its work on August 2, 1999, as an independent and professional office working in the frames of the Ministry of Public Services (MPS). SOK is financed by the Kosovo Consolidated Budget and by donors for the various projects.

The Statistical Office of Kosovo acts pursuant the UNMIK Regulation 2001/14 that entered into force on July 2, 2001. A medium-term Master Plan is being developed for the statistical system of Kosovo compatible with the European Statistics.

The SOK Organization Structure; composes of four departments for production of statistics (Department of Economic Statistics and National Accounts, Department of Population Statistics, Department of Social Statistics and Department of Agricultural and Environment Statistics), seven Regional Offices (located in Gjakova, Gjilan, Mitrovica, Peja, Prizren, Pristina and Ferizaj), two support departments (Department of Methodology and Information Technology, and Department of Administration), as well as the Office of the Population Census.

Total number employees is 134, of them 96 (71.6%) within the SOK offices whilst 38 (28.4%) in regional offices.

There is also a support and cooperation with the international institutions.

The Statistical Office of Kosovo covers Kosovo entirely. For implementation of the surveys in the field, the SOK uses appropriate sampling and methodology approach. In the collection of the reports from the reporting units, the SOK engages professionals, technicians, administrators and civilians from the local offices and regional field population census.

Recently, a team of national and international experts is working in the project of the population census.

SOK Mission is to fulfill the needs of the users with the reliable statistical data and with regular analyses in order to support and provide government departments with the proper information for decision-making process including other users as well.
