Introduction

The role of education statistics in the complicated process of life and social, democratic, economic and cultural development is very important. The purpose of statistical data on education statistics has to do with information on conducting the teaching process, the ways of population functioning and schooling results in Kosovo. This is the third publication issued by education statistics.

Data collected stand for:

Preschool education – Kindergartens
Primary and secondary low education
High and medium education
University education

Reporting units are: Kindergartens, preschool institutions, primary schools, secondary schools and central administration of Pristine University.

The following questionnaires have been used for data collection:

1. Questionnaires for preschool institutions
2. Questionnaires for primary schools
3. Questionnaires for secondary schools
4. Questionnaires for primary schools accommodating children with special needs
5. Questionnaires for secondary schools accommodating children with special needs.

Data on Pristine University have been provided by the central administration of Prishtina University.

Statistical Office of Kosovo (SOK) is grateful to everybody who contributed in preparation of this publication.

We show appreciation to Education Directorates from all Kosovo municipalities and associates from the regional statistical departments for being proactive in data collection and controlling the essential material.

Statistical Office of Kosovo (SOK) - a brief description

The Statistical Office as a professional office has been in operation since 1948, and has passed through all the historic phases of Kosovo. On August 2nd 1999 the Office restarted its work as an independent and professional institution of public administration of Kosovo. Kosovo Consolidated Budget and various donors for particular projects finance the Office.

A Statistical Regulation (Regulation 2001/14) came into force 2 July 2001. SOK is an executive agency attached to the Ministry of Public Services (MPS). A Master Plan (medium term development plan) for the statistical system in Kosovo has been produced.

Organization structure: Seven Regional Offices (Pristine, Peja, Gjakova, Prizren, Ferizaj, Gjilan and Mitrovica) and Head Quarters in Prishtina have at present a total of 137 employees, 90 at HQ and 47 at the Regional Offices. There is 1 Long Term Consultant from Statistics Sweden, financed by Sida and 1 Project Coordinator, Statistics Sweden Projects, SOK. The Office has a fully-fledged field organization for surveys with experienced enumerators and sufficient transport. Local and international expert group are working in the population census project.

The Office Mission is to fulfill the needs of users for objective statistical data and analyses in order to support government departments and provide proper information for decision-makers and other users in Kosovo.
