Foreword

Kosovo Agency of Statistics (KAS) has compiled the publication of "**Statistical Repertoire of Enterprises in Kosovo in Q2 2021**", which contains statistical data on new registered businesses at the Kosovo Business Registration Agency (KBRA) from 01.04.2021 until 30.06.2021 (second quarter of 2021).

Statistical Business Register (SBR) is part of KAS which contains basic information for all businesses that exercise economic activity in the territory of the Republic of Kosovo and as such serves for statistics and analysis of demographics of the business, sampling design and for raising the country-level results for all surveys conducted with businesses. SBR also serves as an important source of information for calculating Gross Domestic Product.

SBR is constructed and is continuously updated based on two administrative data sources (KBRA and Tax Administration of Kosovo), as well as from regular statistical surveys conducted by KAS.

Continuous demand for statistical data on enterprises are daily requirements from different users whether they are internal or external users of data from KAS, therefore based on these requirements we have compiled various tabular and graphical data.

We believe that this publication will serve as a useful reference base for all users of KAS statistical data and will serve as useful and relevant economic information for Kosovo.

Comments, remarks, suggestions and proposals regarding this publication are welcome and they can be sent to: economic@rks-gov.net
