# Services Statistics

## February 2022

Prishtina, 13.05.2022:

Kosovo Agency of Statistics (KAS) has complied the publication of the results of Short-term Services Statistics by presenting the turnover index in February 2022 (2020 = 100).

These statistics are an integral part of the KAS Statistical Programme and are based on the statements of enterprises.

Starting in January, this will be a regular publication on a monthly basis. The results of this research present the performance in retail trade in monthly periods.

The results of this research, at the same time, are used for the needs of compiling national accounts and are an important source in compiling the Gross Domestic Product with the production and expenditures approach on a quarterly basis.

This publication will be subject to revision.

You can send your suggestions, proposals and remarks to the website address:
